

Warranty Claims Procedure

The validity of a product warranty claim under this Limited Warranty depends upon your following of these simple steps:

To make a product warranty claim please follow steps A-D:

- A. Obtain Warranty Claim Number: Call Intellipure Customer Service at: 315-298-2904 to obtain a Warranty Claim Number for your unit.
- B. Packaging and Shipping: Carefully pack the product in its original carton with original packaging materials or comparable box and materials to avoid damage in shipping. For convenience in tracking your shipment, Intellipure recommends that you ship the unit by United Parcel Service (UPS). All outbound and return warranty product shipping charges must be prepaid by you. Intellipure cannot accept freight collect shipments
- C. Assemble and Enclose Information: Enclose the following information in an envelope and tape the envelope to the unit itself:
 - (1) your Warranty Claim Number
 - (2) your name, complete address with zip code and telephone number
 - (3) a dated sales receipt or dated Proof of Purchase
 - (4) a short specific description of the malfunction
- D. Ship the Product Prepaid to:
 - Warranty Claim Department
 - Warranty Claim Number:
 - Intellipure, Inc.
 - 3420 Maple Ave.
 - Pulaski, NY 13142 USA

The Shipping Address and the Warranty Claim Number must, without exception, appear on the outside of the shipping carton.

Packing List:

Intellipure Compact 10600-9 Unit
Power Cord

You will find the 10600-9 5-Stage pre-filter and Main Filter inside the unit. Before operating, remove the plastic bag from the pre-filter.

Please inspect your unit to insure that you receive the product free of any visible signs of damage. If you detect any damage, you should file a claim with the shipping company or carrier within 15 days of receipt.

Important Safety Precautions:

Please read all instructions before operating your air cleaner. Basic precautions should always be observed when using electronic appliances to reduce the risk of fire, shock and injury.

Warning: This air cleaner must be plugged into a 120V or 220V, AC earth grounded outlet. Please refer to the unit's Electrical Specifications Located on the rear of the unit before plugging into the wall outlet. Do not use a wall outlet adapter. Do not operate this air cleaner with an extension cord. Do not operate with a damaged cord or plug.

Warning: To prevent fire or shock hazard, do not expose this unit to rain or moisture.

1. Place the unit on a flat and level surface to allow continuous airflow to the bottom and side intakes and top outlet grill.
2. Always unplug the air cleaner before moving it, opening the front panel, changing any filter or cleaning the unit.
3. Do not place any foreign objects inside the unit, electric shock and injury could result.
4. Do not use the unit if any part is damaged or missing.
5. Do not run the power cord under carpeting, near heaters, registers, radiators, stoves or fireplaces. To avoid a tripping hazard, keep the power cord away from high traffic areas.
6. Never operate the air cleaner in areas where combustible gases, vapors or any other flammable materials are present.
7. Never immerse or spray the unit with water or other liquids. Do not clean the unit under running water.
8. The air cleaner is designed for indoor, residential use only.

One-Year Limited Warranty Continued...

This Limited Warranty applies only to the repair or replacement of any manufactured or supplied part of this product which, upon inspection by Intellipure authorized personnel, proves to have failed in normal use due to defects in material or workmanship. The sole responsibility of Intellipure under this Limited Warranty is, in its sole discretion, to either repair or replace a duly registered product (or defective part thereof) with the same or comparable model within a reasonable period of time, subject to the following exclusions, limitations, statutory rights and warranty claim procedures. This Limited Warranty is exclusive, and Intellipure expressly disclaims all other or additional warranties whether written or oral, expressed or implied, including but not limited to, warranties of merchantability, workmanship, or fitness for a particular purpose.

Exclusions:

- A. This Limited Warranty does not apply, or is void, as to any product damaged by
 - (1) accident, misuse, abuse, lack of care or normal maintenance;
 - (2) installation or operation under conditions other than those recommended by Intellipure;
 - (3) subjecting the product to any but specified voltage;
 - (4) servicing or disassembly by unauthorized personnel;
 - (5) removing or defacing the serial number;
 - (6) modifying the original factory-assembled unit in any way.
- B. This Limited Warranty does not apply to shipping charges for product shipped to or from the factory or designated service center in connection with warranty claims nor does it apply to damages occurring during such shipment.
- C. This Limited Warranty does not apply to installation, removal, re-installation and/or related expenses.
- D. This Limited Warranty does not apply to replaceable filters.

Limitations:

Intellipure shall not be liable for property, incidental and / or consequential damages of any kind unless otherwise prescribed by applicable state law. Intellipure shall not be liable for personal injury resulting from malfunctions, defects, misuse, improper operation or installation or alteration of an Intellipure product or any part thereof. The exclusive remedy for a breach of this Limited Warranty is the repair or replacement of the defective product. In no case, shall liability under any other remedy prescribed by law exceed the purchase price of the product.

Trouble Shooting Guide

Unit will not turn on:

Make sure the unit is plugged into a working 120V or 220V earth grounded outlet.

Check the power plug fuse located with the power plug receptacle. (7)

Check that the filters are securely in place.

If the unit will still not turn on, please call HealthWay customer service.

DFS Light is Flashing:

The filters need replacing. See the Maintenance section of this manual for instructions on how to replace the filters.

The DFS Light is not on:

Call Intellipure customer service.

The Intellipure10600-9 Compact air cleaner is designed for “plug and play” operation and is ready for use. Simply follow the instructions for set up contained in the owner’s manual.

Usage:

Before operating the air cleaner for the first time, open the front panel and remove the plastic bag from the 5-Stage pre-filter.

When opening the front panel, use the side tabs located on the lower area of the front panel and pull towards you using force, then lift upwards.

After removing the plastic bag on the 5-Stage pre-filter, return the pre-filter to the unit and snap the cover on.

To Power On: Plug the unit into a 110V or 220V, AC earth grounded outlet.

The air cleaner has 3 speed adjustments, Low, Medium and High.

Press the power button and the air cleaner will start on high speed.

Continue to press the power button until you adjust to your desired speed.

DFS Indicator:

The air cleaner runs on DFS technology. When the unit is operating properly the DFS Light will be lit Red.

If the DFS light is flashing, filter replacement is needed.

Intellipure offers a One-Year Limited Warranty

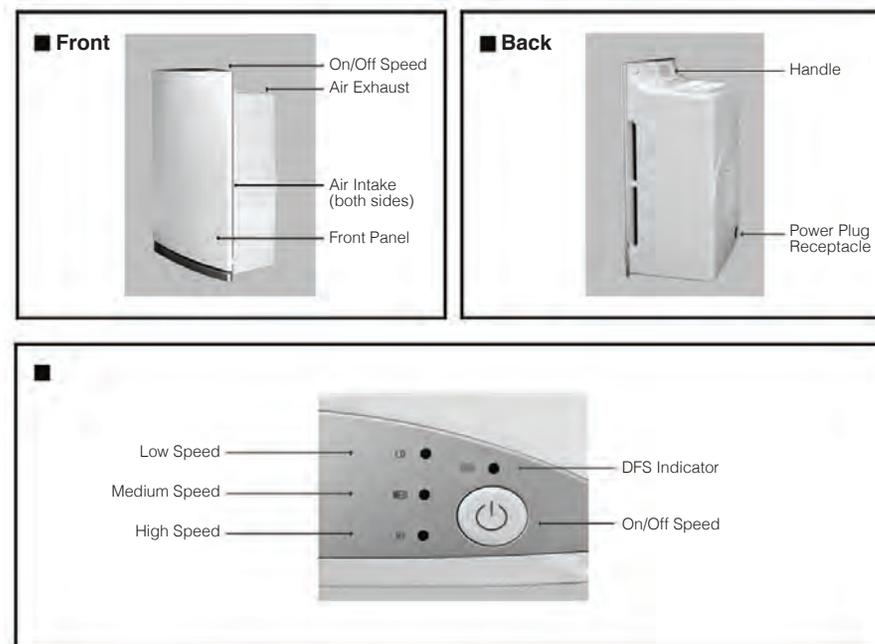

You must submit your Warranty Registration card within 10 days of the Original Purchase.

There are 2 ways to submit your Warranty Registration Card:

- 1) Mail: Intellipure, Inc.
3420 Maple Ave.
Pulaski, NY 13142
- 2) Fax: 315-298-6992

You must retain proof of purchase, the original box and packaging material.

Continues on page 7...

Maintenance:

Warning: Turn off the unit and unplug from the power outlet before performing any maintenance.

To receive maximum benefit from the Intellipure Compact 10600-9, we recommend replacing the DFS Main Filter every 12 months and the 5 stage Pre-filter every 6-12 months depending on the environment.

To order filter replacements, please contact your place of purchase or Intellipure Customer Service at 1-315-298-2904.

1

To Replace Filters:

Turn off the unit and unplug from the power outlet.

Open the front panel, using the side tabs located on the lower area of the front panel and pull towards you using force, then lift upwards. (1)

2

Remove the 5 stage pre-filter, the pre-filter should be cleaned monthly by using a small vacuum cleaner and replaced every 6-12 months. (2)

3

To replace the main filter; using a screwdriver, remove the 2 screws, holding the main filter in place. Remove the main filter, discard the main filter using the filter bag of the new main filter. (3)

4

Slide the new main filter into place. (4)
Secure the main filter with the two screws.

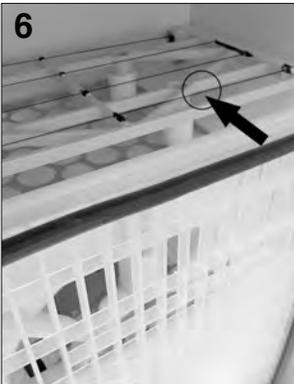

5

Return the 5 stage pre-filter and close the unit.(5)

Reset the DFS button on top of the unit by holding down the power button for 10 seconds or until the flashing red light turns to solid.

6

Cleaning the High Energy Grid:
Turn off the unit and unplug from the power outlet.

Follow the steps 1-3 on the previous page to remove the filters, replace if needed.

Using a pipe cleaner or small vacuum, gently clean the wires on the High Energy Grid. (6)
